PRE-AGREEMENT STATEMENT AND QUOTATION

Quotation number: **[QUOTATION NO.]** **Date issued:** **[DD / MM / YYYY]** **Valid until:** **[DD / MM / YYYY]**

This is not a loan agreement. You are not bound by anything in this document.

1. WHAT THIS DOCUMENT IS

1.1 This document tells you, before you commit to anything, exactly what the loan we are offering you will cost.

1.2 The law requires us to give you this in writing before you sign a loan agreement. We give it to you free of charge.

1.3 Take it away. Think about it. Show it to someone you trust. Compare it with what other registered lenders offer you. You owe us nothing and you may simply not come back.

1.4 If you do decide to go ahead, we will then prepare a loan agreement on exactly these terms. Nothing in the agreement will cost you more than the figures in this quotation.

1.5 If anything in this document is unclear, ask us before you sign anything. We will explain it in a language you understand, and we will read it to you if you prefer.

Number of repayments	1
Date we would pay you the cash (issue date)	**[DD / MM / YYYY]**

How you would repay us	**[CASH AT OUR OFFICE / BANK TRANSFER (EFT) / DEBIT ORDER]**

4. WHAT THIS LOAN WILL COST YOU

All amounts are in Namibian Dollars and cents.

Line	Description	Amount (N$)
A	**Principal debt — the cash amount we pay you**	**[N$ _____ . ___]**
B	Interest for the whole loan term — a once-off charge of **[RATE]** % of line A	[N$ _____ . ___]
C	Service fee — a once-off flat fee	[N$ _____ . ___]
D	**TOTAL FINANCE CHARGES (B + C) — everything you pay us above the cash you receive**	**[N$ _____ . ___]**
E	**TOTAL AMOUNT YOU MUST REPAY (A + D)**	**[N$ _____ . ___]**
F	**AMOUNT OF YOUR SINGLE REPAYMENT, DUE ON [DD / MM / YYYY]**	**[N$ _____ . ___]**

In plain words: we pay you **[N$ _____ . ___]** on **[DD / MM / YYYY]**, and on **[DD / MM / YYYY]** you pay us back **[N$ _____ . ___]** in one payment. The loan costs you **[N$ _____ . ___]**.

5. THE PARTS THAT MAKE UP THE COST

5.1 There are exactly two charges, and both are shown separately in the table above:

- **Interest** (line B) — a once-off charge worked out as a percentage of the cash you receive.
- **Service fee** (line C) — a once-off flat amount for opening and administering the loan.

5.2 **There are no other charges.** No application fee. No assessment fee. No fee for this quotation. No disbursement fee. No monthly admin fee. No insurance premium.

5.3 **Both charges are once-off charges for the whole term of this loan. Neither is charged per month.** If your loan runs for 30 days, you pay lines B and C once. They do not repeat.

5.4 Interest is **flat and simple**. It is worked out once on the cash amount you receive. It does not compound and it is not recalculated each month.

6. THE LEGAL LIMIT ON WHAT WE MAY CHARGE

6.1 Namibian law sets a maximum on the **total** of everything a microlender may charge a borrower above the cash advanced. That maximum covers the interest **and** the service fee **and** any other charge, added together.

6.2 For a short-term microloan repayable within five months, that maximum is **30% of the principal debt, once off** — not 30% per month.

6.3 Here is how this loan measures against that limit:

Check	Figure
Total finance charges (line D)	[N$ _____ . ___]
Principal debt (line A)	[N$ _____ . ___]
Total finance charges as a percentage of the principal (D ÷ A × 100)	[___] %
Maximum permitted for this type of loan	30%
Is this loan within the maximum?	[YES — this must be YES; if it is not, we may not offer you this loan]

6.4 We will never ask you for, or accept, more than the maximum the law allows. If it ever turned out that we had charged you more, the excess would not be owing, and anything you had already paid over the limit would be refunded to you.

7. FIGURES FOR COMPARING US WITH OTHER LENDERS

Use these when you shop around. Ask every other lender for the same three figures.

Comparison figure	This loan
Cost for every N$100 you borrow	[N$ _____ . ___]
Total cost as a percentage of the amount borrowed, for the whole term	[___] % over **[NUMBER]** days
The same cost expressed as a yearly rate, **for comparison only** — this is not what we charge you, because your loan does not run for a year	[___] % per year

The yearly figure looks large because the loan is short. It is included so you can compare a 30-day loan against a lender quoting a yearly rate. **What you actually pay is line E in section 4, and nothing more.**

8. HOW AND WHEN YOU REPAY

8.1 You repay in **one payment** of **[N$ _____ . ___]** on **[DD / MM / YYYY]**.

8.2 You may pay in cash at our office, or by bank transfer, or by debit order if you have signed a debit order authority. Always keep your receipt or proof of payment.

8.3 Our banking details for repayment are: **[BANK NAME]**, account name **[ACCOUNT NAME]**, account number **[ACCOUNT NUMBER]**, branch code **[BRANCH CODE]**. Use your ID number as the payment reference.

8.4 If you sign a debit order authority, cancelling it later does not cancel the loan. You would still owe the money.

8.5 You may ask us at any time for a statement showing every charge we have raised, every payment you have made, and what is still outstanding. The first statement, and the statement we give you when the loan is settled, are free. If you ask for a duplicate copy of a statement, we may charge no more than **N$2.00 per page**.

9. HOW WE APPLY EVERY PAYMENT YOU MAKE

Read this clause carefully. It affects how quickly your debt goes down.

9.1 Every payment you make is applied in this order:

- **first**, to any legal costs or collection charges properly incurred (if there are any);
- **then**, to the service fee;
- **then**, to interest, including any default interest;
- **and only what is left over** reduces the principal — the cash amount you were paid.

9.2 This order applies even if you write something different on the deposit slip or tell us to apply the money differently.

9.3 **Worked example — these are not your figures, they are only to show you how it works.**

Step	Amount (N$)
Cash paid to the borrower (principal)	1 000.00
Interest, once off	200.00
Service fee, once off	100.00
Total finance charges	300.00
Total repayable	1 300.00

The borrower pays **N$500.00** on the due date. That N$500.00 is applied like this:

Applied to	Amount (N$)	Left owing on that item
Service fee	100.00	0.00
Interest	200.00	0.00
Principal	200.00	800.00
Total applied	**500.00**	**Balance outstanding: 800.00**

So after paying N$500.00, the borrower still owes **N$800.00** of principal. The charges were cleared first.

9.4 This is why paying the full amount on the due date is always cheaper for you than paying part of it.

10. IF YOU PAY EARLY

10.1 You may pay the loan off early, at any time, in one payment or several, and **we will not charge you any penalty or fee for doing so**.

10.2 If you settle early, you do **not** pay the full finance charges shown in line D. You pay the finance charges **only for the days you actually had the money** — worked out in proportion to the term of the loan.

10.3 **Worked example — not your figures.** On the example loan in clause 9.3, the finance charges of N$300.00 are for a 30-day term, which is N$10.00 a day. A borrower who settles on day 12 pays the N$1 000.00 principal plus 12 days of charges (N$120.00) — that is N$1 120.00, not N$1 300.00.

10.4 Ask us for a settlement figure before you pay early, and we will work it out for you in writing, free of charge.

11. IF YOU DO NOT PAY ON THE DUE DATE

We would rather help you than penalise you. Call us on +264 81 281 9840 **before** the due date if you know you will have a problem.

11.1 If you do not pay on the due date, we may charge **default interest of not more than 5% of the outstanding amount that is in default, for each month it stays unpaid, for a maximum of three months — or such lower maximum as Namibian law may set, whichever is less**. After three months no further default interest may be charged.

11.2 Default interest is the **only** extra charge for late payment. We do not charge a second round of the interest or service fee in line B or C.

11.3 **The* in duplum *rule protects you.* In duplum* is a rule of Namibian law which means, in plain words: **the unpaid interest and charges on your loan can never grow to more than the capital you still owe.** Once the unpaid interest and charges reach that level, they stop growing. We apply this rule to your account automatically.

11.4 Before we hand your account to a debt collector or an attorney, we will tell you in writing that we intend to do so, and give you a chance to pay or make an arrangement.

11.5 Before we start court proceedings, we will send you a written demand first.

11.6 If we have to enforce the debt in court, you may become liable for our legal costs and collection charges. Those costs are always subject to being assessed and allowed by the court or the taxing master — we cannot simply name a figure.

11.7 Where we report to a credit bureau, we report your payment record — the good as well as the bad.

11.8 We will never threaten you, shame you, take your property, or take your bank card, PIN or original ID.

12. IF YOU NEED MORE TIME (EXTENSION)

12.1 If you cannot pay on the due date, you may ask us to extend the due date. We do not have to agree.

12.2 If we do agree, the change must be put in **writing and signed by both you and us** on a separate extension form. An extension that is only recorded in our system, or only agreed over the phone or on WhatsApp, is not valid and does not bind you.

12.3 Before you sign any extension, we will show you in writing exactly what the extension costs and what your new total repayable is.

12.4 **An extension can never push the total finance charges on this loan above the legal maximum described in section 6.** Whatever is agreed on an extension, the total of everything you pay us above the cash you received stays within that ceiling.

13. WHAT THIS LOAN DOES NOT INVOLVE

13.1 **No compulsory insurance.** We do not require you to take out any insurance policy to get this loan, and this quotation contains no insurance premium.

13.2 **No card, no PIN, no originals.** We do not take or keep your bank card, your PIN, or your original ID, passport or driver's licence, as security or for collection. The law forbids it.

13.3 **No blank documents.** We will never ask you to sign a blank or incomplete document. Every figure and every date will be filled in before you sign.

13.4 **No salary deduction unless you separately agree.** We will not arrange any deduction from your salary unless you sign a separate written authority for it, and only if that is lawfully available at the time.

14. HOW LONG THIS QUOTATION LASTS

14.1 This quotation is valid until **[DD / MM / YYYY]** — that is **[NUMBER]** days from the date it was issued.

14.2 Until that date, if you come back and accept it, and your circumstances have not materially changed, we will lend on exactly these terms and at exactly these figures.

14.3 After that date the figures fall away, and we would need to reassess your application, because your income, your other debts or the applicable maximum charges may have changed.

14.4 We may withdraw this quotation before that date only if we discover that information given to us was untrue or incomplete, or if something happens that materially changes your ability to repay. If we withdraw it, we will tell you why.

14.5 **You owe us nothing for this quotation and you are under no obligation to accept it.**

15. IF YOU ARE NOT HAPPY WITH US

15.1 Speak to the officer who assisted you first. If that does not resolve it, put your complaint in writing to the Principal Officer of QuickServe Cashloan at the address and email on this letterhead, or on +264 81 281 9840.

15.2 We will acknowledge your written complaint and respond to it.

15.3 If you are still not satisfied, you may take the matter to **NAMFISA**, which supervises microlenders in Namibia:
